SUBJECT: Monthly Statewide Ridership Report

DRPT is pleased to present the monthly statewide ridership report, summarizing January 2009 transit, human service and passenger rail ridership data. This monthly report provides a snapshot of current performance and recent trends. DRPT continues to work with individual operators to refine data and ensure that all modes, including bus, rail and specialized service for the elderly and disabled, are accurately reported, and to ensure that this monthly report is comprehensive.

The following key facts are based on a year-over-year comparison of monthly results reported by operators for January 2008 and January 2009.

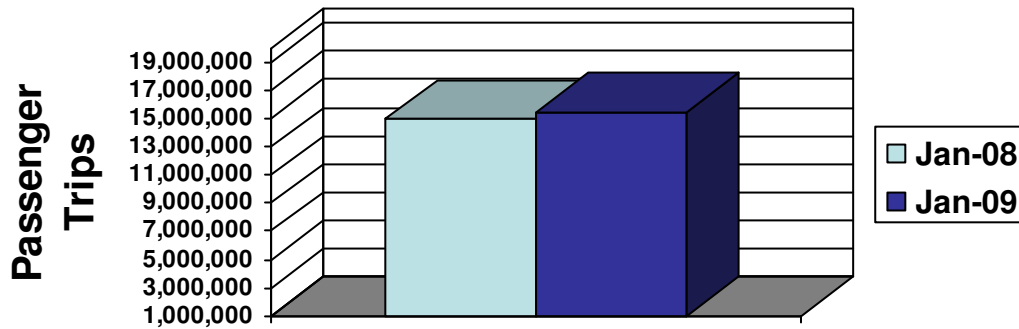

Key Facts

- Year over year comparisons:
 - The price of fuel per gallon dropped 41 percent to \$1.78 per gallon in January 2009, as compared to the January 2008 price of \$3.04 per gallon.
 - Virginia statewide ridership for the month of January 2009 increased by 3 percent, or 515,633 trips, as compared to January 2008 based on reports from all 57 transit operators, 46 (of 49) human service operators, and both passenger rail operators.
 - January 2009 included three fewer weekdays and two more weekend days than January 2008.
 - Year-to-date Virginia statewide ridership increased by six percent, or 6,960,829 trips, over the same period in FY08.
 - Pulaski Area Transport and RADAR/Roanoke experienced 160 percent and 357 percent increases in ridership, respectively, in January 2009 as compared to January 2008 due to new human service transportation and transit service initiated through New Freedom grants.
- Transportation district comparisons:
 - In transit ridership, the Northern Virginia District accounts for the majority at 76.88 percent in January 2009, followed by the Hampton Roads District at 9.01 percent and the Richmond District at 5.96 percent.

**Town of Chincoteague provides seasonal service and will resume operation in spring 2009.

***WMATA Metrorail has implemented a more accurate methodology for capturing Virginia-only unlinked passenger trips.

NOTES:

- Transit ridership is impacted by a number of factors to include: land use, population density, seasonal changes, service changes, number of days in a particular month, weather, fuel price, economic conditions and fare adjustments. The best method for comparison is current month's performance compared to the previous year's performance for that month.
- Over time, this report will be come more detailed as DRPT collects and analyzes, in a more comprehensive manner, factors that impact ridership such as economic conditions and fare policy.
- Comparisons between regions or transit operators should be avoided without detailed analysis and understanding of local goals that support investment in public transportation.
- The Washington Metropolitan Area Transit Authority (WMATA) is the nation's second largest rail operator and fifth largest bus operator. WMATA reports only Virginia ridership (trips that begin and/or end in the Commonwealth) for the purpose of this report.
